

Email received Sept. 3, 2008 Dear Bro.Alfriend,

You must have heard about Christians persecuted by Hindus in Orissa State.They have burnt more than 500 christians homes, Orphanage homes, Christian Institutions.So far they have killed above 50 Christians. No news is confirm yet from interior part of the villages.This morning they killed 3 more pastors in one village, 10 families were forced to be Hindus again and 80 more houses were burnt.

Two pastors who were baptized in Jesus name last year stood firm in Jesus and managed to escaped the village last night to another district.I get in touch with me through phone.They are really in need of our prayers.Their homes were burnt. They have no clothes.I do not heard any news about the others rest of the pastors. Next week I am planing to go. Please pray for me that God will protect me.

Thanks, Bro.Paul

Please pray for Bro. Y. Paul Haokip as he reaches out again with God's Word.

Luke is a standalone. If people only had the Book of Luke and the Book of Acts they could find enough Scripture to obey and go to heaven.

Luke is God's Official Recorder of New Testament History. With the Gospel of Luke and the Book of Acts God intended to influence our total view of the New Testament plan of Salvation. Luke confirms Matthew, Mark and John with God's Oath by anointing him to write scripture. God's Oath of anointing was "surely I did it."

I received this email Aug 8, 2008.

Bro Friend, I bought your Luke book. I laid it down as we sometimes do. Just yesterday I was waiting for my car to be fixed and threw this little book in my briefcase to read. Boy was I blessed. This should be required reading to all saints. I received so many blessings and instruction and thoughts that it would be hard to begin. Keep up the good work. God Bless, Bro Bruce Tupper
