

**Study Yourself. Make the best you possible.**

Some areas of our life are very important. Read this with keen interest.

**1. Understand yourself.**

God operates with already declared pictures. Find them in His Word. The end is declared from the beginning. Some are only declared pictures coming toward us on a timeline. This is future prophecy. The book of Revelation is future pictures showed by God. The Signs of the Times show we are living in the end time of the Church Age. When you see this picture your heart wants to be ready.

**2. Acquire knowledge.**

You need better and more Wisdom for learning. There is a - how to - in learning new things. God gives us more than His Word. He gives us wisdom on – how to perform His Word.

Romans 7:18 For I know that in me (that is, in my flesh,) dwelleth no good thing: for to will is present with me; but how to perform that which is good I find not. We all have some knowledge we need to fight the good fight of faith. Faith is an acquired asset that helps you to perform when you don't feel like it.

**3. Watch your language.**

To learn the language of faith you must also learn the words you should not use in your speaking. A negative and pessimistic attitude toward life will hold you back in your language of faith. Learn not to say "I can't," or "it wont work." Study the words that you are saying that are filled with doubt and determine not to use them again. Negative language is sure failure. The words you use are important. Our original language was pure. Satan corrupted it. Don't be a rebel. The language of faith is made of words that make faith filled pictures that can be believed. We speak it believing that God and His word are true. In Him we live and move and have our being. We do not live a double life. Whether it's our weekend or our work week we live with a constant faith in God and we talk like it.

**4. Control your thoughts.**

Control your thoughts. They drive you. Steer them. Learn to back up your trailer and unload it.

It takes an understanding mind to match your soul. Your soul mind leads you in the ways of God.

Your soul mind is guided by God's word. The end is determined. Success is assured. It's the law of the book. You must think like God thinks. Believe His word and speak His word. It is a walk of faith. You never give up. Believe your prayers are heard. God is doing His work in your prayer service. Never let anyone tell you **"no"** if they do not have the power to tell you "yes."

They have "no authority" to tell you no. If they can't tell you "yes" how can they tell you "no?"

**5. Be Quick to respond.**

Greatness involves a demand, a conclusion and a decision! You will meet your mountain. Be eager to meet it. Life was designed to grow the man. Grow up. Learn to hear in pictures. A picture is what God is speaking. God's Word causes pictures. God's Word always face the east with the morning sun shining on for clarity.

To fill this demand you must arrive at a correct conclusion. This conclusion is arrived at by searching your knowledge database. You search your mind for an answer which some times does not come . You need to be knowledgeable of the field with which you are burdened. To find your answer you may need to do some searching. That is a small price to pay for success.
