

Greetings!

The Apostolic Cutting Edge is a FREE weekly Email Newsletter published every Friday. The goal is to make Apostolic Christians aware of their daily purpose in life on the cutting edge of God's Plan.

The cutting edge of life comes at us at the speed of light. Light speed is measured in nanoseconds. The only thing faster than that is God.

One morning, after it had rained the night before, I opened my front door to see the sun shining. I reached the conclusion the night battle belongs to God. Let Him fight it. Sleep well and get up to welcome the morning. Joy comes in the morning.

The cutting edge of life is the "moment" as it happens. We divide time into seconds with sixty seconds in a minute. The moment is the "second" it happens. At that time we are called to react. How does an Apostolic react on the cutting edge when things go wrong as they sometimes do? When the lights go out, all hope is gone and you stand in the darkness all alone. What do you use as a back-up generator? The answer to this is the thing I want to inspire in your mind.

Everyone should have a preservation belief. This is your view of what you will believe and do when all hope is gone. You practice this in advance during the good times. This includes a predetermined Trigger you will pull in an instant. It is a Bible Verse recorded in your heart. Memorize it.

Being Apostolic lets you ask God's forgiveness knowing He is faithful and just to forgive you. God takes time and space -- (the continuing of experience in which events pass from the future through the present to the past)--and pushes all your failures into your past. He puts them under the blood to be remembered no more. The blood immediately becomes your conscience. You are free and clean with no wait.

When you sin on the cutting edge, as Peter did when he denied our Lord, you must realize He is still out ahead of you cutting His path in the world. Jesus will forgive you as He did Peter and let you catch up with Him on the cutting edge. Go for it.

The picture is the cover of my book now in progress. All the books I write are on the "Cutting Edge" of Life. They will help you. Read my books and you will read yourself Happy again.

To be Apostolic means you are smart. You stay in control. You make confusion give way to knowledge. You learn what others don't or won't learn. You continue steadfastly in the doctrine Jesus taught the Apostles. Just 10 days before, Jesus told Peter to say the words he said in Acts 2:38. Our question is the same as theirs, "Men and brethren what shall we do?" Our answer is the same as their answer ~ Acts 2:38. As they did ~ so should we ~ continue steadfastly in the doctrine Jesus taught the Apostles.

We are not dealing with Peter in Acts 2:38. We are dealing with the soul saving words of Jesus in Luke 24:47. Jesus opened Peter's understanding that he might understand the scriptures and through revelation told him the words to say on the day of Pentecost.

In Acts 2:38 Peter is repeating the words of our LORD. He is not speaking his own words. Bound by love for Jesus he spoke words that Jesus had put in his mouth and heart.

Jesus taught him: "I died that you might say these soul saving words. I died that repentance and remission could be preached in my Name." Repentance and remission of sins is in the Name of Jesus. The power of the blood is in the name—"JESUS." Now "that" is being Apostolic.
